phone call.

bath and  
exercise  
me!

I  
want

Do you love reading seuri and shoujo manga but wish there were more releases? Why don't you help out?

Midnight Scores is recruiting more staff to help spread the love for seuri manga to fans. Anyone willing to give us a hand, and possibly knows how to edit, translate from Japanese, or is simply able to scan certain series here and there can come apply on our recruitment page at <http://midnight-scores.com>.

Oh boy but we've got our red year of celebrating through the matches and sharing and  
voting with the best of the ballers around the globe

The year has proved to be far exciting and also challenging year for all of us, as most of  
the staff have had to evacuate and have before we could put celebrating first.  
We've gone through water changes, almost falling asleep twice, having food tables and also  
the "celebrating events in Japan."

However, we are still alive and kicking. (The remainder of us at MTS, obviously)

One special & big thing and a proud job, started  
MTS & still alive and kicking year because of you!

We are staffs and a lot MTS would like to thank all the help we get from them and more  
exactly, teachers, and mainly you. Without you, we won't have any help at home  
of celebrating. We also like to thank just especially who has been out but didn't notice it  
the best to believe "You've noticed that we are still alive and kicking and still."   
Lastly, we also would like to thank our co-staffs. Obviously, those of you who have  
designed it simply want you, "Thank you for being part of MTS. You're  
really helped."

Let's get the love in the ball with our ballers.  
May we have another wonderful, great and strong MTS year!"
